

Gentaur

FITC-Linked Polyclonal Antibody to Somatostatin (SST)

- **Product No.:** LAA592Hu81
- **Immunogen Species:** Homo sapiens (Human)
- **Ig Type:** IgG
- **Purification:** Antigen-specific affinity chromatography followed by Protein A affinity chromatography
- **Label:** FITC
- **Buffer Formulation:** PBS, pH7.4, containing 0.02% NaN₃, 50% glycerol.
- **Form:** Liquid
- **Concentration:** 500µg/mL
- **Applications:** WB; IHC; ICC; IF.
- **Standard sizes:** 20µl, 100µl, 200µl, 1ml, 10ml

SPECIFICITY

The antibody is a rabbit polyclonal antibody raised against SST. It has been selected for its ability to recognize SST in immunohistochemical staining and western blotting.

USAGE

Western blotting: 0.2-2µg/mL;1:250-2500
Immunohistochemistry: 5-20µg/mL;1:25-100
Immunocytochemistry: 5-20µg/mL;1:25-100
Optimal working dilutions must be determined by end user.

STORAGE

Store at 4°C for frequent use. Stored at -20°C in a manual defrost freezer for two year without detectable loss of activity. Avoid repeated freeze-thaw cycles.

STABILITY

The thermal stability is described by the loss rate. The loss rate was determined by accelerated thermal degradation test, that is, incubate the protein at 37°C for 48h, and no obvious degradation and precipitation were observed. The loss rate is less than 5% within the expiration date under appropriate storage condition.
